IF YOUR MOBILITY PRODUCT REQUIRES REPAIR

Contact us at customerservice@livingwellstores.com or call us at (800) 704-8432. Most issues can be resolved by telephone without the need for service. We will attempt to troubleshoot the problem you are experiencing. If we cannot resolve the problem, we will arrange to have your Product repaired.

HOW YOUR MOBILITY PRODUCT WILL BE REPAIRED

Service is provided by Living Well Stores' nationwide network of servicers. If we determine that your Product needs repairs which are covered by this Protection Plan and depending on the Product and circumstances of the failure, we will do one of the following:

- Provide the parts and instructions to you to replace the broken parts or;
- For Products weighing up to 125 lbs. and that disassemble, arrange for repairs to be performed at a service center located within 50 miles of your location;
- For Products weighing more than 125 lbs., arrange for a technician to come to your residence to repair your scooter;
- Provide a new or refurbished Product of equal features and functionality or;
- Provide a cash settlement reflecting the pro-rated price you paid for your Product.

At our sole option, replacement parts may be new, rebuilt, or non-original manufacturer's parts that perform to the factory specifications. Occasionally it may be necessary for the service technician to bring the Product back to their shop to complete repairs. If the service facility determines the Product is in working condition or is not covered by your Protection Plan, we will return the Mobility Product to you or dispose of it as you request.

BATTERY SERVICE

If we determine that your batteries need replacing, depending on the configuration of the batteries we will do one of the following:

- Send you a set of replacement batteries along with instructions as to how to install them or;
- Send you a postage-paid shipping carton to ship your battery pack back to us where we will replace the batteries with new batteries and return the pack to you postage paid.

BATTERIES NOT PROPERLY CARED FOR, INCLUDING NOT CHARGING AT MINIMUM, ONCE WEEKLY ARE NOT COVERED BY THIS WARRANTY. Review and follow the Battery Care Instructions included with your scooter and as described in the knowledgebase article entitled, "Scooter batteries and their proper care".
